Nothing equals Prickly Ash Bitters for removing that sluggish bilious feeling, so common in hot weather. It creates strength, vigor, appetite and cheerful spirits.

The Picnics.

Yesterday the people of Pleasant Springs community, two miles south of the city, gave a picnic. A large crowd was present, many going out from the city, and a big time is reported by all. A fine dinner was served. In the afternoon the numerous county candidates made their announcements and some good talks were enjoyed. Those people are good entertainers.

Yesterday the Episcopal church Sunday school held its annual picnic at Cartmell's lake, and the large crowd of little folks present were well entertained.

Miss Crozier's private school for little children has closed, and today Miss Crozier is giving them a picnic. Miss Crozier is a splendid teacher, and her little school has had a most prosperous term.

Japanese Suffered.

St. Petersburg, June 9.—News has been received of a severe engagement near Port Arthur in which the Japs lost heavily and were forced to retire. Seven hundred and thirty Japs were killed and wounded. The Japs are beginning to realize the magnitude of the task they have undertaken in capturing Port Arthur. It will be a herculean accomplishment to succeed now, and if they wait longer the Russians will strengthen up.

Official Count.

The official returns in the Cherokee county prohibition election, as published in the Rusk Journal, are as follows:

| | |
|-----------------------|------|
| For prohibition, | 1964 |
| Against prohibition, | 982 |
| Prohibition majority, | 982 |

The Journal says the people of that county want prohibition bad enough to see that the law is enforced. Every paper in the county was for prohibition, as well as county officers.

Tyler Shipments.

Over seventy-five solid car loads of stuff from the truck farms in the vicinity of Tyler have already been shipped from this city this season. Of this amount Henry & Holtzclaw have handled the following number of cars:

Strawberries 31 cars, potatoes 14 cars, cabbage 9 cars, tomatoes 7 cars, peaches 7 cars. Total, 62 cars.

Other loaders in Tyler have handled from ten to fifteen cars, and express shipments have probably reached twenty cars.

Tomatoes are moving slowly, from three to five cars daily going out.

By the first of next week shipments will run to fifteen to twenty cars a day.

Elberta peaches will be moving by June 25 to July 1.—Tyler Daily Courier.

Out of the Habit.

A traveling man, making Tyler his headquarters, was in Palestine this morning, and to a Herald man said: "Just to show you how people can get out of a habit, I tell you this. Every time I returned to Tyler just after the saloons closed, I had to carry with me from one to half a dozen bottles of whiskey, on request of friends who could not buy in Tyler. Now, I seldom receive such a request, even for 'medical purposes.' Prohibition gets the boys out of the habit."

Boll Weevil.

Mr. J. D. Clewis showed a Herald man a lot of boll weevil, bottled up today. He says his cotton is full of them, and that they are rapidly puncturing the squares that have formed. Mr. Clewis is engaged in diversified farming, however, and is successfully growing other things besides feed for boll weevil.

Ants After Them.

Several farmers report that a small black ant is attacking the boll weevil in different parts of the county, and are killing them. The ants crawl up the cotton stalks, and it is claimed where these ants appear the weevil soon disappear.

Pleased With Furnace

Rusk, Texas, June 9.—The penitentiary board has been in session here this week. Judge Cravens, private secretary of Gov. Lanham, is with them. The members of the board expressed themselves as being highly pleased with the work at the new furnace and say they will do all in their power to insure the success of the iron industry. Supt. Koehne of the pipe works, has a force at work making another pit, enabling him to double the output of the pipe plant, which will be started about the 20th instant.

The Herald will furnish any candidate a good half tone likeness, from photograph, for \$1.00. Suitable for printing on cards, etc.

Nacogdoches Truck.

Nacogdoches, Texas, June 9.—The truck farmers and fruit growers of this section are highly pleased with the prices prevailing, but have a limited supply of produce for sale. The low prices last year were somewhat discouraging, to say the least of it, and as a result only a few went into the business this spring and the moral of the story is they are making easy money on truck this year. Up to the close of business at the association's office Tuesday night the shipping record for the present season is: Three and one-half cars Irish potatoes, 250 crates of tomatoes, 8000 pounds of cabbage, 150 crates of peaches.
